## Visual Coding:

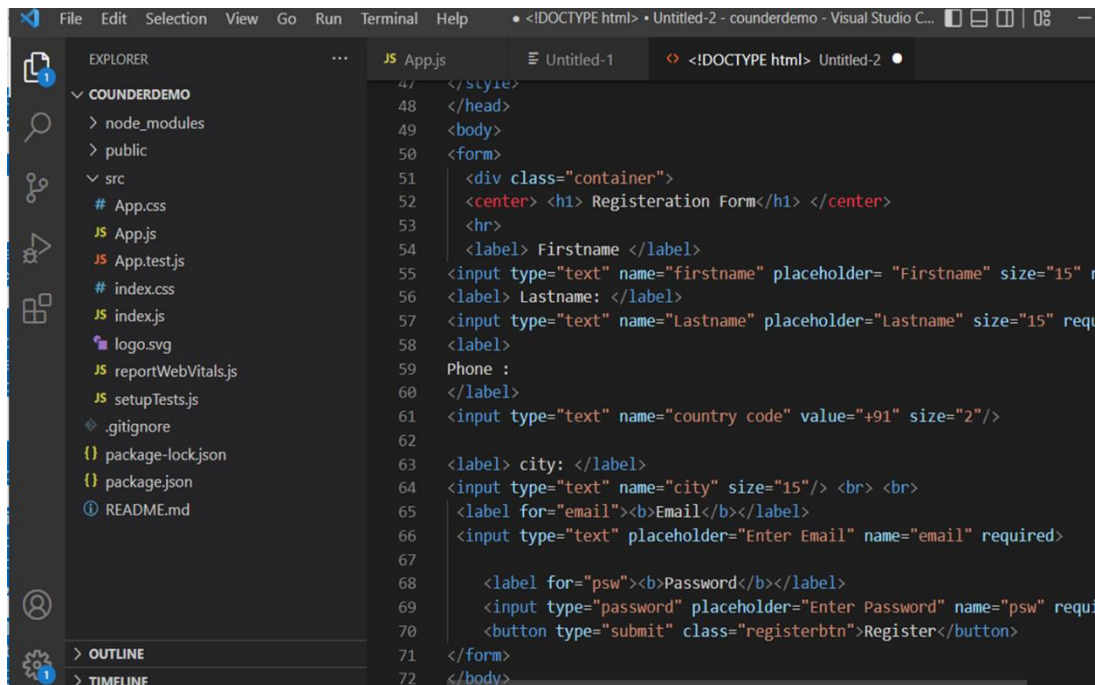

The screenshot shows the Visual Studio Code editor with a project named 'COUNDERDEMO'. The Explorer sidebar on the left lists files including 'node\_modules', 'public', 'src', 'App.css', 'App.js', 'App.test.js', 'index.css', 'index.js', 'logo.svg', 'reportWebVitals.js', 'setupTests.js', '.gitignore', 'package-lock.json', 'package.json', and 'README.md'. The main editor area displays the content of 'App.js', which is an HTML file. The code includes a DOCTYPE declaration, a head section with a viewport meta tag and a style tag, and a body section with a container and input elements. The container has a padding of 50px and a light blue background. The input elements have a width of 100%, padding of 15px, margin of 5px 0 22px 0, display of inline-block, no border, and a background color of #f1f1f1. The input elements also have a focus state with an orange background and no outline.

```
1 <!DOCTYPE html>
2 <html>
3 <head>
4 <meta name="viewport" content="width=device-width, initial-scale=1">
5 <style>
6 body{
7   font-family: Calibri, Helvetica, sans-serif;
8   background-color: pink;
9 }
10 .container {
11   padding: 50px;
12   background-color: lightblue;
13 }
14
15 input[type=text], input[type=password], textarea {
16   width: 100%;
17   padding: 15px;
18   margin: 5px 0 22px 0;
19   display: inline-block;
20   border: none;
21   background: #f1f1f1;
22 }
23 input[type=text]:focus, input[type=password]:focus {
24   background-color: orange;
25   outline: none;
26 }
```

The screenshot shows the Visual Studio Code editor with the same project 'COUNDERDEMO'. The Explorer sidebar is the same as in the previous screenshot. The main editor area displays the content of 'App.css', which is a CSS file. The code includes a background color of orange, no outline, a div with a padding of 10px 0, a hr with a border of 1px solid #f1f1f1 and a margin-bottom of 25px, a registerbtn with a background color of #4CAF50, color of white, padding of 16px 20px, margin of 8px 0, no border, cursor of pointer, width of 100%, and opacity of 0.9. The registerbtn also has a hover state with an opacity of 1.

```
24 background-color: orange;
25 outline: none;
26 }
27 div {
28   padding: 10px 0;
29 }
30 hr {
31   border: 1px solid #f1f1f1;
32   margin-bottom: 25px;
33 }
34 .registerbtn {
35   background-color: #4CAF50;
36   color: white;
37   padding: 16px 20px;
38   margin: 8px 0;
39   border: none;
40   cursor: pointer;
41   width: 100%;
42   opacity: 0.9;
43 }
44 .registerbtn:hover {
45   opacity: 1;
46 }
47 </style>
48 </head>
49 <body>
```

The image shows a screenshot of the Visual Studio Code editor interface. The Explorer sidebar on the left displays a project named 'COUNDERDEMO' with a file structure including 'node\_modules', 'public', 'src', and various files like 'App.js', 'App.test.js', 'index.css', 'index.js', 'logo.svg', 'reportWebVitals.js', 'setupTests.js', '.gitignore', 'package-lock.json', 'package.json', and 'README.md'. The main editor area shows a file named 'App.js' with HTML code for a registration form. The code includes a container div, a centered h1 title 'Registration Form', and several form fields: Firstname, Lastname, a country code input (pre-filled with '+91'), a city input, an email input, and a password input. A 'Register' button is at the bottom of the form. The code is as follows:

```
47 </style>
48 </head>
49 <body>
50 <form>
51   <div class="container">
52     <center> <h1> Registration Form</h1> </center>
53     <hr>
54     <label> Firstname </label>
55     <input type="text" name="firstname" placeholder="Firstname" size="15" />
56     <label> Lastname: </label>
57     <input type="text" name="Lastname" placeholder="Lastname" size="15" required />
58     <label>
59       Phone :
60     </label>
61     <input type="text" name="country code" value="+91" size="2" />
62
63     <label> city: </label>
64     <input type="text" name="city" size="15" /> <br> <br>
65     <label for="email"><b>Email</b></label>
66     <input type="text" placeholder="Enter Email" name="email" required />
67
68     <label for="psw"><b>Password</b></label>
69     <input type="password" placeholder="Enter Password" name="psw" required />
70     <button type="submit" class="registerbtn">Register</button>
71 </form>
72 </body>
```

### ***Visual Studio Output Screen:***

The image shows a Visual Studio Output window with a light blue background. It contains a registration form with the following fields:

- Firstname:
- Lastname:
- Phone :
- Address:
- Email:
- Password:

A large, light gray watermark "820119" is visible diagonally across the bottom half of the page.
